

Biomass Customers

Symingtons, St Andrews, Fife

Commissioned: *January 2015*

Boiler & Plant: *Bioflame 40kw boiler with 2 x 500ltr Buffer Tank*

Fuel: *Oil to Wood Pellet*

Fuel Storage: *4 Ton External Silo with 300kg Internal Capacity*

Heat demand: *56,000kwh*

Benefit: *£6148.00pa*

Savings: *60%*

Cost: *£45k*

Haston, Wrae Farm, Turriff

Commissioned: *January 2015*

Boiler & Plant: *Bioflame 28kw boiler with 500ltr Buffer Tank*

Fuel: *LPG to Wood Pellet*

Fuel Storage: *3 Ton External Silo with 300kg Internal Capacity*

Heat demand: *54,232kwh*

Benefit: *£5954.00pa*

Cost: **£35k**

Martin, Doctor Surgery, Wishaw

Commissioned: *September 2014*

Boiler & Plant: *Froling 40kw boiler with 500ltr Buffer Tank*

Fuel: *Gas to Wood Pellet*

Fuel Storage: *External Storage Cube with 300kg Internal Capacity*

Heat demand: *54,353kwh*

Benefit: *£6631.00pa*

Cost: *£40k*

Miller, Durno House, Banff

Commissioned: *November 2014*

Boiler & Plant: *Froling 40kw boiler with 1500ltr Buffer Tank*

Fuel: *Oil to Wood Pellet*

Fuel Storage: *External Storage Cube with 300kg Internal Capacity plus custom built internal Silo*

Heat demand: *71,403kwh*

Benefit: *£8711.00pa*

Cost: *£65k*

Hallet, Dunmore Cottage, Tarbet

Commissioned: *November 2014*

Boiler & Plant: *Bioflame 18kw boiler with 1500ltr Buffer Tank*

Fuel: *LPG to Wood Pellet*

Fuel Storage: *300kg Internal Capacity*

Heat demand: *38622kwh*

Benefit: *£4711.00pa*

Cost: *£30k*

Clarke, Balmuirfield House Hotel, Dundee

Commissioned: *November 2014*

Boiler & Plant: *Froling 45kw boiler with 2 x 1000ltr Buffer Tanks*

Fuel: *Oil to Wood Pellet*

Fuel Storage: *External Storage Cube with 300kg Internal Capacity plus custom built internal Silo*

Heat demand: *74061kwh*

Benefit: *£9035.00pa*

Cost: *£65k*

Muirwood, Kirkton of Monikie, Dundee

Commissioned: *August 2014*

Boiler & Plant: *Froling 38kw boiler with 1000ltr Buffer Tank*

Fuel: *Oil to Wood Pellet*

Fuel Storage: *External Storage Cube with 300kg Internal Capacity plus custom built 5 Ton Internal Silo*

Heat demand: *54601kwh*

Benefit: *£6661.00pa*

Cost: *£40k*

McKenzie, Croy House Gallery, Maybole

Commissioned: *January 2015*

Boiler & Plant: *Bioflame 18kw boiler with 1500ltr Buffer Tank*

Fuel: *LPG to Wood Pellet*

Fuel Storage: *300kg Internal Capacity plus 4 Ton Silo*

Heat demand: *116959kwh*

Benefit: *£12842.00pa*

Cost: *£60k*

Allan, Easter Lochagan Farm, Banff

Commissioned: *December 2014*

Boiler & Plant: *Bioflame 38kw boiler with 1000ltr Buffer Tank*

Fuel: *Oil to Wood Pellet*

Fuel Storage: *300kg Internal Capacity and 2 Ton External Silo*

Heat demand: *30150kwh*

Benefit: *£3678.00pa*

Cost: *£35k*

Wallace, Castle Phesdo Farm, Laurencekirk

Commissioned: *December 2014*

Boiler & Plant: *Bioflame 38kw boiler with 1000ltr Buffer Tank*

Fuel: *Oil to Wood Pellet*

Fuel Storage: *300kg Internal Capacity and 2 Ton External Silo*

Heat demand: *32612kwh*

Benefit: *£3978.00pa*

Cost: *£30k*

Young, Pink House, Clachan

Initial impressions from sales were really good there was a bit of confusion regarding the type of boiler initially from pellet boiler to log burning which is the boiler I had in mind. The company didn't make a big deal of it and sourced the Nibe Vedex 3300 Biomass boiler and we began the installation process. First of all they had to sort out a location for the boiler to be stored. The plans for an outbuilding were put in place the foundations were laid and the rest just fell into place. The workmen worked tirelessly throughout and worked in adverse weather to complete the job. The job now complete looks great the outbuilding is smart and tidy ten out of ten for that. The boiler is now burning away ready for the winter to come . delighted with the final result. Mr Young Ullapool, MCS Accredited Wood Supplier

Commissioned: *August 2014*

Boiler & Plant: *Videx 3300 boiler with 1000ltr Buffer Tank*

Fuel: *LPG to Log and Wood Pellet*

Fuel Storage: *300kg Internal Capacity and 1 Ton Silo*

Heat demand: *33178kwh*

Benefit: *£4047.00pa*

Cost: *£35k*

Hardie, House of Newe, Strathdon

Commissioned: *January 2015*

Boiler & Plant: *Bioflame 38kw boiler with 2 x 500ltr Buffer Tank*

Fuel: *LPG to Wood Pellet*

Fuel Storage: *300kg Internal Capacity and 6 Ton External Silo*

Heat demand: *97890kwh*

Benefit: *£10748.00pa*

Cost: *65k*

Argyle Renewable Energy assisted by Superseal

Torrisdale Castle, Campbeltown

Lliverpool, Chicken Sheds

Campbeltown, District Heating System

Dundee, Country Home

ARE Ltd have almost 10 years of experience installing Non-Domestic Biomass Systems. Like Superseal, they are HETAS approved. ARE Ltd have committed to installing 4/5 Jobs a week and will grow with us as we gear Up towards the end of 2015.
